

## Every School Day Counts

Attend today, achieve for a lifetime!

Students can suffer academically if they miss $10 \%$ school days. This can be just one day every two weeks and can happen before you know it.

If students aren't in school, they can't learn; if they don't learn, they won't graduate; if they don't graduate their chances for success are limited.

Good attendance will help students do well in high school, college, and at work.

## How Can You Help?

$\checkmark$ Plan vacations during non-school days
$\checkmark$ Schedule your child's medical and dental appointments at the end of the school day
$\checkmark$ Make sure they go to school every day unless they are ill
