

ROADMAP TO REOPENING SCHOOLS

JUNE 2020

ACKNOWLEDGEMENTS

The Contra Costa County Office of Education worked alongside members of 18 school districts and county student programs to develop this *Roadmap to Reopening Schools* document. Special thanks to everyone who played a part in the development of this resource.

Members of the LEA Planning Team

Erik Faulkner, *Liberty Union High School District*
Aida Glimme, *Acalanes Union High School District*
Christine Ibarra, *Antioch Unified School District*
Mary Maddux, *Lafayette School District*
Anthony Molina, *Pittsburg Unified School District*

Debra Petish, *San Ramon Valley Unified School District*
Nadine Rosenzweig, *San Ramon Valley Unified School District*
Jennifer Sachs, *Mt. Diablo Unified School District*
Nicole Sample, *Byron Union School District*

Representatives from LEAs and County Programs

Amy Black, *Martinez Unified School District*
Michael Bowen, *Brentwood Union School District*
Crystal Castaneda, *Oakley Union Elementary School District*
Hilary Dito, *CCCOE*
Reyes Guana, *Byron Union School District*
Gracie Guerrero, *West Contra Costa Unified School District*
Lindy Khan, *CCCOE*
Nicole Matthew, *Knightsen Elementary School District*
Carolyn Parker, *Moraga School District*

Debra Pettric, *Pittsburg Unified School District*
Jan Rogenski, *Walnut Creek School District*
Leanne Sarmento, *Knightsen Elementary School District*
Tom Scruggs, *CCCOE*
David Schrag, *Orinda Union School District*
Lucia Sullivan, *Canyon Elementary School*
Rebecca Vichiquis, *CCCOE*
Pat Walsh, *Liberty Union School District*
Deanna Yasaki, *John Swett Unified School District*

Contra Costa County Office of Education Members

Steve Bateman, *Manager, Technology/Curriculum Integration*
Julie Dooley, *ELA/ELD Coordinator*
Julie Everhart, *Administrative Assistant*
David Fendel, *SEL Coordinator*
Elizabeth Lopez, *Administrative Assistant*
Hanna Ma, *STEAM Coordinator*
Jason Murphy, *Assessment, Research and Evaluation Coordinator*
Christen Northrop, *Mathematics Coordinator*

Margo Olson, *Director, Program Support*
Peggy Russell, *Administrative Assistant*
Lynn Stevenson, *Executive Assistant*
Sonia Trujillo, *EL Specialist Coordinator*
Nicholas Zefeldt, *Instructional Technology Coordinator*
Meaghan Krakoff, *Communications Specialist*
Terry Koehne, *Chief Communications Officer*
Marsha Tokuyoshi, *Senior Director, Educational Services*

A MESSAGE FROM THE CONTRA COSTA COUNTY SUPERINTENDENT OF SCHOOLS

The COVID-19 pandemic has forced schools to take unimaginable steps to ensure that students are able to continue to learn despite the inability to be physically present in classrooms. I would like to acknowledge all of the collective efforts put forth by district and site administrators, classroom educators, classified staff members, and the parents of our students during this challenging time. Furthermore, I am inspired by our students who have shown great flexibility and grit as they transitioned to a distance learning model.

The Contra Costa County Office of Education (CCCOE) understands the need for schools to have a clear, detailed, and well-organized plan in place before re-opening their doors to teachers, staff, and students. Our team, in collaboration with representatives from 18 school districts within our county boundaries and our COE student programs, has worked to design materials and resources that will help Local Educational Agencies (LEAs) design a plan on how to begin to reopen schools in as safe and academically equitable manner as possible.

Each LEA is unique. There is no “one-size-fits-all” solution. This document consists of four tools designed to bring together stakeholder groups to define a plan for reopening. In short, they are:

- A **Brainstorming Tool** to collaboratively understand the unique challenges that schools face
- A **Curated Research Collection** to help LEAs root decisions about their challenges in the recommendations from our public health agencies, the California Department of Education, and other leading research institutions
- A **Planning Template** to organize the action steps required to safely reopen schools
- A **Communication Slide Deck Template** to help LEAs share the priorities, action steps, and timelines with their communities and stakeholders.

We at the CCCOE remain committed to providing trainings, technical support, and space for collaboration between LEAs. While it is likely that we will face some challenges moving forward, I am certain that we will all work together to ensure that when students are able to return to schools, they will do so in a safe and equitable manner.

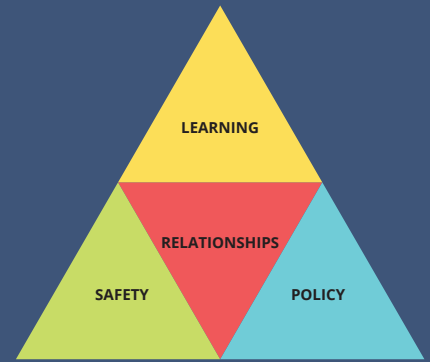

Lynn Mackey
Contra Costa County Superintendent of Schools

ROADMAP TO REOPENING SCHOOLS

PROCESS MAP

BRAINSTORM

Gather stakeholders to brainstorm possible action steps connected to your LEA in regards to Safety, Policy, Relationships & Learning Components.

<https://bit.ly/roadmapbrainstorm>

RESEARCH

Use current research to learn about best practices in the field, support decision making, and have information to support your communications efforts to your stakeholders

<https://bit.ly/roadmapresearch>

ORGANIZE

Organize and prioritize action steps, allocate resources and personnel, and monitor the implementation of the plan.

<https://bit.ly/reopenorganizer>

COMMUNICATE

Communicate the planning process of reopening schools to school board members and the school community.

<https://bit.ly/roadmapcommunicate>

STEP 1:

BRAINSTORM

Link to Tool: <https://bit.ly/roadmapbrainstorm>

GOAL:

Gather stakeholders to brainstorm possible action steps connected to your LEA in regards to *Safety, Policy, Relationships, & Learning Components*.

INSTRUCTIONS:

1. Gather a diverse stakeholder team to work through the tool.
2. Choose a *Component* based on your unique LEA needs.
3. Review the guidance from health and safety organizations linked at the top of each *Component*.
4. Work on one *Focus Area* at a time (example: *Social Distancing Measures*):
 - a. Quietly/independently brainstorm the possible action steps, notes, and questions for each key consideration.
 - b. Share and calibrate your ideas. Take notes of the shared ideas on the *Brainstorming Tool*.
 - c. After each member has shared their ideas, continue with a group discussion about the *Focus Area*.
 - d. Continue this process for all *Components* to inform next steps and guide decision making through the research step.

TIPS:

- For this brainstorming session, encourage participants to be creative and think outside of the box. There are no bad ideas at this stage of planning.
- To encourage equity of voice, in step 3b consider having a facilitator call on each individual until everyone has shared their brainstormed action items.
- To avoid burnout, explore one component area per stakeholder meeting.
- It is helpful to have two note takers for the sharing of ideas, one to annotate action steps, and one to document overall notes.

CONSIDERATIONS:

- While discussing each *Focus Area*, some items to think about are:
 - What questions come up?
 - What seems extremely important to figure out?
 - What can everyone agree on right away?

Hybrid Model Priority Actions Summary

Component: *Safety*

Problem of Practice: *Schools need to follow the health and safety guidelines to reopen schools safely.*

STEP 2:

RESEARCH

Link to Tool: <https://bit.ly/roadmapresearch>

GOAL:

Use current research to learn about best practices in the field, support decision making, and provide information to communicate to your stakeholders.

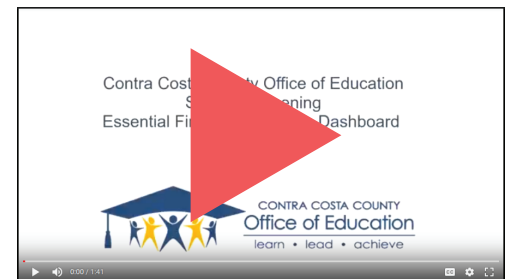

INSTRUCTIONS:

Use the dashboard tool to access best practice, strategies and suggestions curated from a variety of current research and practical guidance.

1. Click on the *Focus Area* links in the planning template.
(<https://bit.ly/reopenorganizer>) to access the resource database.
2. Access information by clicking on the *Focus Areas* listed on the left-hand side.
3. Refine your search by using the *Key Considerations* dropdown menu.

Watch this video for step-by-step guidance:

<https://bit.ly/EssentialFindingsResourceCCCOE>

TIPS:

- Use tools to identify best practices as you generate strategies.
- Delegate work on *Focus Areas* and *Key Considerations*.
- Consider more than one source as you develop action steps.

CONSIDERATIONS:

- Consider your source and possible bias.
- Avoid analysis paralysis.
- Consider the feasibility of the recommendation in your local context.

STEP 3:

ORGANIZE

Link to Tool: <https://bit.ly/reopenorganizer>

(Note: This link will make a copy of the template for your use. A Google account is required.)

GOAL:

Organize and prioritize action steps, allocate resources and personnel, and monitor the implementation of the plan.

INSTRUCTIONS:

Suggested steps for each component (*Safety, Policy, Relationships & Learning*) include:

1. Identify priority *Focus Areas*.
2. Identify and prioritize the applicable considerations within each *Focus Area*. Determine if additional considerations need to be added and/or eliminated.
3. Reference *Brainstorming* document to select actions that align with needs.
4. Identify the person(s) responsible and the timeline for each action item.
5. Track implementation progress in the 'Status' column.
6. Capture additional thinking in the 'Notes' column.
7. Repeat the process for each *Focus Area*.

TIPS:

- For each *Focus Area*, gather a small team of diverse participants with knowledge, responsibility or a vested interest in the topic (i.e. for the *Learning Focus Area*, include the Director of C&I, Director of SpEd, coordinators, teacher leaders, etc.).
- Team members should be aware of the resources available and have the ability to make assignments and allocate resources.

CONSIDERATIONS:

- Cabinet-level oversight may be assigned for each component to support accountability.
- Consider regular reviews and revisions of planning documents to monitor actions, implementation timelines, and overall status.

Roadmap to ReOpening Schools

A Planning Template for ReOpening Schools

Task Force Planning Team

Task Force Outcome

The goal of a collective effort is to collaboratively identify, prioritize, and address systems-level school reopening needs through a lens of equity.

- This planning template reflects the priorities and focus areas identified as necessary to consider when drafting plans for moving forward.
- Different systems require different solutions. Therefore, this is not a prescriptive plan, but rather a collective effort to provide different options as LEAs map out their own reopening plan.
- The original Contra Costa County task force team drew upon the collective knowledge and efforts of other organizations and county offices, in particular, San Diego COE. [See Resources.](#)

Thank you for acknowledging our contribution when using this planning document.

CONTRA COSTA COUNTY
Office of Education
learn • lead • achieve

Planning Document Overview

The **Hybrid/Blended Model** is described as schools are open with mandatory social distancing, wellness protocols, and gathering restrictions/requirements. This tool has been developed to support the planning and implementation of a district's response to COVID-19, and is designed to:

- Enable each district to safeguard students, staff, and the community from the threat posed by COVID-19
- Address the problems of practices shown in the matrix below
- Be adaptable, flexible, and easily updated to meet the needs of individual districts at any given time

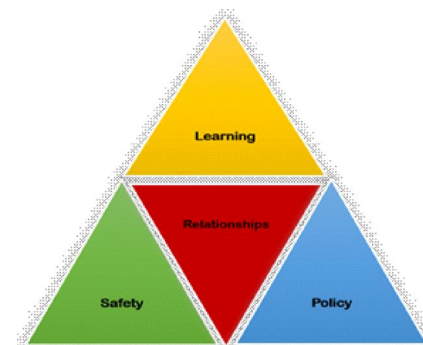

Components	<u>Safety</u>	<u>Policy</u>	<u>Relationships</u>	<u>Learning</u>
Problem of Practice	<i>Schools need to follow current health and safety guidelines to reopen schools safely.</i>	<i>Schools need to operate within federal, state, and local policies and guidelines.</i>	<i>Schools need to nurture relationships between educators, students, and families through ongoing communication and attention to the social-emotional well-being of all.</i>	<i>Schools need to develop systems to support identifying, addressing, and monitoring the academic needs of each and every student, no matter the setting.</i>
Focus Areas	<u>Social Distancing Measures</u> <u>Wellness Checks & PPE</u> <u>Campus Sanitation</u> <u>Meals</u> <u>Before/Afterschool Care</u>	<u>Attendance</u> <u>Instruction</u> <u>Working Agreements</u> <small>(Hours, Shifts)</small> <u>Funding</u>	<u>Communication</u> <u>Mental Health</u> <u>SEL</u> <u>Engagement</u>	<u>Technology</u> <u>Scheduling</u> <u>Standards & Curricular</u> <u>Materials</u> <u>Assessment</u> <u>Pedagogy</u> <u>Differentiated Student Support</u> <u>Professional Learning</u> <u>Extra-curriculars</u>

STEP 4:

COMMUNICATE

Link to Tool: <https://bit.ly/roadmapcommunicate>

(Note: This link will make a copy of the template for your use. A Google account is required.)

GOAL:

Communicate the planning process of reopening schools to school board members and the school community.

INSTRUCTIONS:

Use the Google Slides presentation as a template for your school or district's presentation to the board and/or other stakeholders.

1. Click on the link above to make a copy of your own slides.
2. Review the slides and edit, add to, or otherwise customize them to reflect your district's process.
3. Organize your slides so that you can present in a storytelling format.

TIPS:

- Where possible, keep slides light on words and bullet points.
- Use simple (not busy) images or screenshots.
- When presenting, tell a story from beginning to end to engage your audience.

CONSIDERATIONS:

Plan to address questions that your audience members are likely to ask. For example:

- Safety - Mask usage for teachers and students and social distancing of students.
- Logistics - Scheduling classes and device/technology access, athletics, and extracurriculars.
- Instruction - High quality, equitable instruction for all students, grading and feedback, protecting the arts, PE, and hands-on learning.
- Social Emotional Learning - Helping students feel connected and keep engaged.

Reopening of Schools Communication Template

Agenda
