Students

Concept and Roles in Student Personnel

The County Board of Education holds the following values and beliefs regarding students:

- all students can experience success regardless of age, sex, race, national origin, background, or ability
- the central interest of educational programs is the learner
- learning is an active and lifelong process
- experiencing success is crucial to the learning process
- teaching and learning are inextricably interwoven
- program improvement is a continuing process
- partnerships must be formed with public and private agencies and organizations in order to strengthen the resources available to education.

The County Office of Education staff shall embody these values and beliefs in all County Office of Education programs and services.

Everyone has a right to a free public school education. Each student varies widely in capabilities, interests, social, and economic background. It is the intent of the County Office of Education to accommodate those individual differences to the fullest extent possible. To this end, the County Board of Education and the County Office of Education will attempt to remove any limitations that stand in the way of achieving these goals. All County Office of Education schools and programs shall be open to all persons who may be eligible and who may benefit from such programs.

Absences and Excuses

The County Board of Education and the County Superintendent of Schools believe that regular attendance plays a key role in student achievement, and they recognize their responsibility under the law to ensure that students attend school regularly. Parent/guardians of children aged 6 to 18 are obligated to send their children to school unless otherwise provided by law. The County Board of Education and the County Superintendent shall abide by all state attendance laws and may use appropriate legal means to correct the problems of excessive absence or truancy.

Excused Absences

Absence from school shall be excused only for health reasons, family emergencies and justifiable personal reasons, as permitted by law, Board policy and administrative regulations. (Education Code 46010, 46010.5, 48205)

Insofar as class participation is an integral part of students' learning experiences, parents/guardians and students shall be encouraged to schedule medical appointments during nonschool hours.

At the beginning of each academic year, notifications shall be sent to the parents/guardians of all students and to all students in grades 7 through 12, informing them that school authorities may excuse any student from school to obtain confidential medical services without the consent of the student's parent/guardian. (Education Code 46101.1) Students should not be absent from school without their parents/guardians' knowledge or consent except in cases of medical emergency or confidential medical appointment.

Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to administrative regulations and law. (Education Code 46014)

Unexcused Absences/Truancy

The County Superintendent or designee shall implement positive steps to reduce truancy, such as communication with parents/guardians and the use of student study teams.

The County Office of Education may implement the county school attendance review board as allowed by law in order to meet the special needs of students with school attendance or school behavior problems.

Students who are habitual truants or habitually insubordinate or disorderly during attendance at school may be referred to the county probation department.

StudentsAbsences and Excuses (continued)

When the student's attendance problems cannot be resolved or the student and parent/guardian have failed to respond to directives to correct the problem, the school attendance review board or probation officer may ask the County Superintendent of Schools to request a juvenile court petition on behalf of the student. See Policy and Regulation 5113.1 regarding School Attendance Review Board (SARB).

Students

Chronic Absence and Truancy

The Governing Board believes that excessive student absenteeism and tardiness, whether caused by excused or unexcused absences, may be an early warning sign of poor academic achievement and may put students at risk of dropping out of school. The Board desires to ensure that all students attend school in accordance with the state's compulsory education law and take full advantage of educational opportunities provided by the district.

The Superintendent or designee shall establish a system to accurately track student attendance in order to identify individual students classified as chronic absentees and truants, as defined in law and administrative regulation.

The Superintendent or designee shall develop strategies that focus on prevention of attendance problems, which may include, but are not limited to, efforts to provide a safe and positive school environment, relevant and engaging learning experiences, school activities that help develop students' feelings of connectedness with the school, school-based health services, and incentives and rewards to recognize students who achieve excellent attendance or demonstrate significant improvement in attendance. The Superintendent or designee also shall develop strategies that enable early outreach to students as soon as they show signs of poor attendance.

The Superintendent or designee shall work with students, parents/guardians, school staff, and community agencies, as appropriate, to identify factors contributing to chronic absence and truancy. He/she also may collaborate with child welfare services, law enforcement, courts, public health care agencies, other government agencies, and/or medical, mental health, and oral health care providers to ensure that alternative educational programs and nutrition, health care, and other support services are available for students and families and to intervene as necessary when students have serious attendance problems.

Students who are identified as truants shall be subject to the interventions specified in law and administrative regulation.

A student's truancy, tardiness, or other absence from school shall not be the sole basis for his/her out-of-school suspension or expulsion. Alternative disciplinary strategies and positive reinforcement for attendance shall be used whenever possible.

The Superintendent or designee shall regularly analyze data on student absence to identify patterns of absence district wide and by school, grade level, and student population. Such data shall be used to identify common barriers to attendance, prioritize resources for intervention, and monitor progress over time. The Superintendent or designee shall annually report this information to the Board for purposes of evaluating the effectiveness of strategies implemented to reduce chronic absence and truancy and making changes as needed. As appropriate, the Superintendent or designee also shall provide this information to key school staff and community agency partners to engage them in program evaluation and improvement and in identification of how to best allocate available community resources.

Students

Chronic Absence and Truancy

School Attendance Review Board

In accordance with law and administrative regulation, habitual truants may be referred to a school attendance review board (SARB).

The Board shall appoint members of the district's SARB, who may include, but are not limited to, a parent/guardian as well as representatives of the district, county probation department, county welfare department, county office of education, law enforcement agencies, community-based youth service centers, school guidance personnel, child welfare and attendance personnel, school or county health care personnel, and school, county, or community mental health personnel.

The district's SARB shall operate in accordance with Education Code 48320-48325 and procedures established by the Superintendent or designee.

The County Office of Education may establish a county SARB. The county SARB, if established, shall include, but need not be limited to, a parent/guardian as well as representatives of school districts, county probation department, county welfare department, county superintendent of schools, law enforcement agencies, community-based youth service centers, school guidance personnel, child welfare and attendance personnel, school or county health care personnel, and school, county, or community mental health personnel.

The Board may submit one or more nominations to the County Superintendent of Schools for a person who will serve on the county SARB as a representative of school districts.

If a county school attendance review board exists, the county superintendent of schools shall, at the beginning of each school year, convene a meeting of the county school attendance review board for the purpose of adopting plans to promote interagency and community cooperation and to reduce the duplication of services provided to youth who have serious school attendance and behavior problems.

The county school attendance review board may elect, pursuant to regulations adopted pursuant to Section 48324, one member as chairperson with responsibility for coordinating services of the county SARB.

The county SARB may provide consultant services to, and coordinate activities of, local school attendance review boards in meeting the special needs of pupils with school attendance or school behavior problems.

The county SARB may conduct hearings, as appropriate, for students who are served in county operated programs, such as community schools and county authorized charter schools.

Chronic Absence and Truancy

Definitions

Chronic absentee means a student who is absent for any reason on 10 percent or more of the school days in the school year, when the total number of days the student is absent is divided by the total number of days the student is enrolled and school was actually taught in the regular schools of the district, exclusive of Saturdays and Sundays.

Truant means a student who is absent from school without a valid excuse three full days in one school year, or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof.

Habitual truant means a student who has been reported as a truant three or more times within the same school year, provided the district has made a conscientious effort to hold at least one conference with the student and his/her parent/guardian.

Chronic truant means a student who has been absent from school without a valid excuse for 10 percent or more of the school days in one school year, from the date of enrollment to the current date, provided the district has met the requirements of Education Code 48260-48263 and 48291.

For purposes of classifying a student as a truant, valid excuse includes, but is not limited to, the reasons for which a student shall be excused from school pursuant to Education Code 48205 and 48225.5. A valid excuse also may include other reasons that are within the discretion of school administrators and, based on the facts of the student's circumstances, are deemed to constitute a valid excuse.

Attendance Monitoring

Each district superintendent or designee shall appoint staff to monitor the attendance of students who attend schools within each district. Staff monitoring attendance shall perform duties related to compulsory full-time education, truancy, compulsory continuation education, work permits, and any additional duties prescribed by the Superintendent.

The County Superintendent or designee shall appoint staff to monitor the attendance of students who attend county operated schools, such as community schools and county authorized charter schools. Staff monitoring attendance shall perform duties related to compulsory full-time education, truancy, compulsory continuation education, work permits, and any additional duties prescribed by the Superintendent.

Students

Chronic Absence and Truancy

Addressing Chronic Absence

When a student is identified as a chronic absentee, the attendance staff shall communicate with the student and his/her parents/guardians to determine the reason(s) for the excessive absences, ensure the student and parents/guardians are aware of the adverse consequences of poor attendance, and jointly develop a plan for improving the student's school attendance.

The student may be referred to a school-site attendance review team (SART) to assist in evaluating his/her needs and identifying strategies and programs to assist him/her.

A student who is struggling academically may be offered tutoring or other supplemental instruction, extended learning opportunities, and/or alternative educational options as appropriate.

Whenever chronic absenteeism is linked to a health issue or non-school condition, the attendance staff may recommend school or community resources and/or collaborate with community agencies and organizations to address the needs of the student and his/her family.

Work Permits

The County Board of Education recognizes that many students hold jobs. Part-time jobs can give these students needed supplementary income, valuable work experience, and enhanced self-esteem.

The Board also recognizes that all school-aged persons should acquire an education and that work permit laws exist to prevent outside employment from impairing a student's health and educational progress. Before accepting employment, students must obtain work permits which school authorities have been given the responsibility of issuing.

The Superintendent or designee shall issue work permits only as allowed by law and only to the extent that outside employment does not significantly interfere with the student's schoolwork. Students 16 or 17 years of age shall be granted approval to work more than 20 hours a week only when justified by unusual circumstances which shall be stated on the work permit.

StudentsAppeal from Expulsion

The County Board of Education recognizes that student discipline is primarily the prerogative of the local district. Standards of behavior acceptable to the district and procedures to assure that the standards are observed are essential to an effective school climate. The County Board of Education also recognizes, however, that the rights to due process and the rights to a fair and just resolution of behavior issues are supported through the appeal process.

Expulsion is the most severe form of discipline which a local district may invoke. The County Board of Education is vested with the responsibility of serving as the final appeal body in such cases. The hearing of expulsion appeals is intended to safeguard the rights of the student(s) and the rights of the district.

The County Superintendent of Schools is charged with the development of regulations which will assure that expulsion appeals are conducted in a timely and equitable manner.

At least ten (10) calendar days before the hearing, the Appellant must file his/her written argument, if any, with the County Superintendent and must simultaneously provide it to the District. The District may, but is not required to, submit a written reply to the County Board. At least five (5) calendar days before the hearing, the District must file its written reply, if any, with the County Superintendent and must simultaneously provide it to the Appellant or the Appellant's representative, if any.  - b. Request by Either Party. Either party may request one (1) postponement by means of a written notice at least forty-eight (48) hours in advance, except that a Respondent School District's request may not extend the hearing beyond twenty (20) school days following the filing of a request for hearing unless the pupil agrees. The Associate Superintendent shall upon receipt of said request reset the hearing date to the next regularly scheduled County Board meeting date and shall immediately notify all parties in writing of the new hearing date.
 - c. Subject to the limitations set forth in number 2 above, the County Board may grant a postponement at any time should it determine that such postponement is necessary to avoid injustice.

 - b. Abandonment of the appeal may warrant any of the following actions:
 - 1) The County Board, on its own motion, may dismiss the appeal.
 - 2) Unless the statutory time frames governing filing and hearing expulsion appeals (including failure to submit the record of proceeding) are extended and/or waived by the pupil, the Associate Superintendent may dismiss the appeal administratively. However, no appeal shall be administratively dismissed if failure to submit the record of proceeding is caused by delays caused by the school district.
24. Termination by Agreement. The parties may agree to terminate proceedings under whatever terms deemed appropriate by them. The parties will be expected to promptly notify the Associate Superintendent of any such agreement.
25. Failure to Attend Hearing

Failure by either party to send a representative to the hearing will not result in a postponement of the hearing. Student Records

The County Board of Education and the County Office of Education support the need for keeping records on each student which will reflect the physical, emotional, social and academic aspects of the student's development.

Information about a student demands judicious use and shall always be used so as to contribute to the student's welfare. Safeguards shall be established by the school administration to protect the student and the student's family from invasion of privacy in the collection, maintenance and dissemination of information, and to provide accessibility to recorded information only by those legally entitled thereto.

The County Office recognizes that where the requirements of the Federal Family Educational Rights and Privacy Act (20 U.S.C.) 1232g) conflict with the California Education Code, the County Office of Education shall comply with the requirements of the Education Code. (See HEW Reg. 99.61)

The Board of education directs the County Office of Education to develop regulations for the keeping and management of student records as outlined above.

Pupil records include information relative to an individual pupil gathered within or without the school system and maintained within the school system, regardless of the physical form in which it maintained. Essential in this definition is the idea that any information which is maintained for the purpose of second party review is considered a pupil record. (Ed Code 49061; 5 CA Adm. Code 430)

(Ed. Code 49061)
3. "Parent" means a natural parent, an adopted parent, or legal guardian. If parents are divorced or legally separated, only the parent having legal custody of the pupil may challenge the content of a record pursuant to Education Code Section 49070, offer a written response to a record pursuant to Education Code Section 49072, or consent to release records to others pursuant to Education Code Section 49075, provided, however, that either parent may grant consent if both parents have notified the County office of Education in writing, that such an agreement has been made. Whenever a pupil has attained the age of 18 years, has been designated an emancipated minor, or is attending an institution of post secondary education, the permission or consent required of, and the rights accorded to, the parents or guardian of the pupil shall thereafter only be required of, and accorded to, the pupil. Alcohol and Other Drugs

The County Board of Education and the County Superintendent of Schools believe that the use of alcohol or other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences. The County Board desires to keep schools free of alcohol and other drugs and desires that every effort be made to reduce student use of these substances.

The County Superintendent of Schools or designee shall develop a comprehensive prevention program that includes instruction, intervention, recovering student support and enforcement/discipline. The program shall be reviewed every two years.

The Superintendent or designee shall clearly communicate to all students, staff and parents/guardians the policies, regulations and school rules preventing the use of alcohol and drugs on school campuses or at school activities.

The Board and the County Superintendent of Schools encourage staff to display attitudes and behaviors which make them positive role models for students with regard to alcohol and other drugs. Staff should help students see themselves as responsible partners in efforts to maintain a safe, constructive school climate.

Because keeping schools free of alcohol and other drugs is a concern common to the County Office of Education and community, the County Board of Education and the County Superintendent of Schools support cooperation among schools, parents/guardians, law enforcement and other appropriate community organizations involved in preventing alcohol and other drug abuse.

To obtain the widest possible input and support for policies and programs, the County Superintendent shall appoint a countywide citizen advisory committee to make recommendations related to the prevention of alcohol and other drug abuse.

Instruction

The County Office of Education shall provide preventative instruction which helps students avoid the use of alcohol or other drugs. Comprehensive, age-appropriate K-12 instruction shall address the legal, social and health consequences of drug and alcohol use.

All instruction and related materials shall discourage unlawful use of alcohol or other drugs and shall not include the concept of responsible use when such use is illegal.

Teachers shall be trained to answer students' questions related to alcohol and drugs and to help students obtain and use current and accurate information, develop and maintain a positive self-concept, take positive actions to cope with stress, and use appropriate social and personal skills to resist involvement with alcohol and other drugs.

Alcohol and Other Drugs (continued)

Intervention

The County Board of Education and the County Superintendent of Schools recognize that there may be students on our campuses who use alcohol and other drugs and can benefit from intervention. The County Board of Education and the County Superintendent of Schools support intervention programs that include the involvement of students, parents/guardians and community agencies/organizations. Students and parents/guardians shall be informed about the signs of alcohol and other drug use and about appropriate agencies offering counseling and rehabilitation for students and their family members.

The County Board of Education and the County Superintendent of Schools believe that school personnel must be trained to identify symptoms which may indicate use of alcohol and other drugs. The County Superintendent of Schools or designee shall clarify the roles and responsibilities of staff and law enforcement in working with, intervening, and reporting students suspected of using alcohol or other drugs.

Nonpunitive Self-Referral

The County Board of Education and the County Superintendent of Schools encourage any student who is using alcohol or drugs to discuss the matter with his/her parent/guardian or with any staff member. Students who disclose their use of alcohol or other drugs when seeking help from an intervention or recovery program shall not be disciplined for such use.

Recovering Student Support

The County Board of Education and the County Superintendent of Schools desire to support recovering students in avoiding reinvolvement with alcohol and other drugs by providing school activities and support services which enhance recovery.

Enforcement/Discipline

The County Superintendent of Schools or designee shall take appropriate action to eliminate possession, use or sale of alcohol and other drugs and related paraphernalia on school grounds, at school events, or in any situation in which the school is responsible for the conduct and well-being of students. Students possessing, selling and/or using alcohol or other drugs or related paraphernalia shall be subject to disciplinary procedures which may result in referral to their district of residence for expulsion.

School authorities may search students and school properties for the possession of alcohol and other drugs as long as such searches are conducted in accordance with law, board policy and administrative regulations.

Alcohol and Other Drugs

Instruction

Students shall receive instruction by appropriately trained instructors about the nature and effects of alcohol and other drugs, including dangerous drugs defined by Health and Safety Code 11032. (Education Code 51260)

Program administrators shall determine that drug education instructors possess: (Education Code 51260)

1. The ability to interact with students in a positive way;
2. Knowledge of the properties and effects of tobacco, alcohol, narcotics, dangerous drugs, and shared drug apparatus; and
3. Effective teaching skills and competency in helping students to express opinions responsibly and to become aware of their values as they affect drug-use decisions.

At all grade levels, instruction shall include a study of the effects of alcohol and other drugs upon the human system, as determined by science. In grades 1 through 6, instruction in drug education should be given in health courses required by Education Code 51210. In grades 7 through 12, instruction in drug education shall be conducted in health courses and in any other appropriate area of study required by Education Code 51220. Instruction shall be sequential in nature and suited to meet the needs of students at their respective grade level. Secondary school instruction shall include a study of the effects of alcohol and other drugs upon prenatal development. (Education Code 51203 and 51260)

Intervention

The staff shall intervene whenever students use alcohol or other illegal drugs while on school property or under school jurisdiction. Staff members who believe that a student may be under the influence of alcohol or drugs shall immediately notify the program administrator or designee.

If the program administrator or designee knows, observes or suspects that the student may be under the influence of alcohol or drugs, he/she may notify the parent/guardian. (Education Code 44049)

However, school staff shall not disclose confidential information provided during counseling by a student 12 years of age or older. School counselors may report such information to the program administrator or parents/guardians only when they believe that disclosure is necessary to avert a clear and present danger to the health, safety or welfare of the student or other persons living in the school community. They shall not disclose such information to the parent/guardian if they believe that the disclosure would result in a clear and present danger to the student's health, safety or welfare. (Education Code 44049, 49602)

StudentsAlcohol and Other Drugs (continued)

In severe cases, if the parents/guardians or school medical personnel are not immediately available, the program administrator is authorized to call an ambulance to remove the student to a hospital. Parents/guardians will be notified of this action and shall be responsible for the incurred expenses.

Confiscation of Beepers

Because electronic signaling devices (beepers) are sometimes used to facilitate illegal drug transactions, the possession or use of such devices by students is prohibited on school premises, at all school-sponsored activities, and at any time while students are under the supervision and control of County Office employees. An exception shall be made only when the program administrator or designee has determined the beeper is essential for the student's health and then shall be used only for health purposes. (Education Code 48901.5)

The County Superintendent of Schools or designee shall confiscate beepers from students.

Enforcement/Discipline

1. When any student uses or possesses alcohol or illegal drugs at school or while under school jurisdiction, the following shall result:
 - a. Parent/guardian contact.
 - b. One-to five-day suspension.
 - c. Law enforcement authority contact within one school day of the suspension.
 - d. Restriction from school activities.

In addition, the following actions may be taken:

- a. Recommendation of expulsion to district of residence.
 - b. Referral by district of residence to an appropriate community counseling program with the expectation that at least one counseling session will be held during the time of suspension.
 - c. Transfer/alternative placement.
2. When intervention efforts fail and the student continues to use or possess alcohol or other drugs at school or any school activity, he/she shall be referred to his/her district of residence board of education to be considered for expulsion.
 3. When a student sells or provides alcohol or other drugs at school or while under school jurisdiction, the following shall result:
 - a. Parent/guardian contact.
 - b. Suspension with recommendation of expulsion to the district of residence.
 - c. Law enforcement contact within one school day of the suspension.

Staff shall notify the program administrator or designee immediately upon suspecting a student is selling or providing alcohol or other drugs. The program administrator or designee may notify law enforcement prior to confronting or searching the student.

A search for drugs may be made in accordance with the provisions of law, County Board policy, and administrative regulations.

Students

Alcohol and Other Drugs (continued)

When there is evidence that a student has sold or provided alcohol or other drugs or drug paraphernalia on or about the school premises or at school-sponsored functions, law enforcement must be notified. Law enforcement authorities will decide whether they or the school will notify the parent/guardian.

Biennial Program Review

The County Superintendent of Schools or designee shall review the County Office of Education's drug education program every two years in order to determine its effectiveness, implement any needed changes, and ensure that related disciplinary procedures are being consistently enforced. Students who violate this policy shall be subject to disciplinary procedures which may result in suspension from school (Education Code 48900). This section does not prohibit the use or possession of prescription products, or other cessation aids such as nicotine patches or nicotine gum. Student use or possession of such products must conform to laws governing student use and possession of medications on school property.

Student Services programs shall provide instruction regarding the effects of tobacco on the human body and shall take steps to discourage students from using tobacco (Education Code 48901, 51202). A list of cessation programs for students shall be made available to students through their program administrator.

StudentsWeapons and Dangerous Instruments

The County Board of Education and the County Superintendent of Schools desire students to be free from the fear and danger presented by firearms and other weapons. The County Board of Education and the County Superintendent of Schools therefore prohibit students from possessing weapons, replicas of weapons, or dangerous instruments of any kind in school buildings, on school grounds or buses, or at any school-related or school-sponsored activity away from school.

Any school employee may confiscate any weapon, dangerous instrument or replica from any person on school grounds under the power granted to the County Board and the County Superintendent of Schools to maintain order and discipline in the schools and to protect the safety of students, staff and the public. Students possessing, exhibiting or threatening others with a weapon are subject to suspension and expulsion in accordance with Public Law 103-382, commonly referred to as "Gun-Free School's Act of 1994." Students also may be suspended if they threaten others or disrupt school activities by exhibiting a replica of a weapon.

The County Board and the County Superintendent of Schools recognize that students age 16 or older may become certified to carry tear gas or tear gas weapons such as pepper spray for the purpose of self-defense. However, to prevent potential misuse that may harm students or staff, students are prohibited from possessing such items on campus or at school activities.

State and federal law requires the County Superintendent or designee to immediately suspend and recommend for expulsion to the district of residence any student who brings a firearm to school. The period of expulsion shall be for one calendar year, unless an earlier return date is ordered. The period of expulsion shall be considered on a case-by-case basis. Unless the Superintendent or designee finds that the particular circumstances of a case indicate that expulsion is inappropriate, the County Office of Education shall recommend similar action to the district of residence when students knowingly bring any other weapons to school or participate in any fighting that inflicts serious bodily injury on another person. In addition to a suspension and possible expulsion, these students shall be reported to law enforcement authorities for prosecution of Penal Code violations.

Students**ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS**

The County Board of Education recognizes that students may need to take prescribed or over the counter medication during the school day in order to be able to attend school without jeopardizing their health.

When the County Office of Education has received written statements from the student's healthcare provider licensed to prescribe medications and parent/guardian, the school nurse shall review the medication request and educate the designated personnel regarding the medication request. The student shall observe universal precautions in the handling of blood and bodily fluids.

(cf. 4119.43 - Universal Precautions)
(cf. 5141.23 - Infectious Disease Prevention)

INFECTIOUS DISEASES

The County Office of Education desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions.

Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

Students shall be excluded from school only in accordance with law.

HEAD LICE

The Contra Costa Board of Education recognizes that head lice (*Pediculus Humanus Capitis*) infestations among students require treatment but do not pose a risk of transmitting disease. The superintendent or designee shall encourage early detection and treatment of head lice in a manner that minimizes disruption to the educational program and reduces student absences.

Contra Costa County Office of Education (CCCOE) will consult with guidelines from the American Academy of Pediatrics and the Centers for Disease Control and Prevention to limit exclusion of students from school due to head lice. The following components will be part of the procedure for addressing head lice:

1. Early detection, and response to, head lice infestations.
2. Distribution of educational material to school staff and parents on head lice, environment control, and treatment.
3. Procedure for return to school after head lice detection.

Staff shall maintain the privacy of students identified with a head lice infestation.

Staff shall maintain the privacy of students identified as having head lice and excluded from attendance.

(cf. 4119.23/4219.23/4319.23 – Unauthorized Release of Confidential/Privileged Information)

Excluded students may return to school when (1) they bring a note from the parents/guardian verifying treatment, and (2) reexamination by the nurse or designee shows that all nits and lice have been removed. Exception: In certain cases the school nurse may elect to readmit student with nits and perform serial examinations of the student to verify eradication of the head lice.

RE: HEAD LICE NOTIFICATION

Dear Parent/Guardian:

Your child was sent home today from school because he/she has signs of head lice. This condition needs to be treated at once. This letter and the fact sheet on the reverse side will acquaint you with the nature of head lice and the steps that you need to take to eliminate this condition. The student shall be excluded from school until no nits or lice are found.

Head lice are small teardrop shaped insects. They are grayish in color. Lice do not hop or fly. Crawling insects like lice move to avoid light and are often hard to see. A diagnosis of head lice is often made on the basis of finding nits, or louse eggs. Lice attach each nit to a hair shaft with a waterproof, cement-like substance. Nits are white in color and cannot be washed out of the hair or brushed out of the hair like dandruff.

Getting rid of head lice requires treating the individual as well as their clothing, towels, bedding, and personal grooming articles (combs, brushes, etc.). The following is a checklist of things you need to do before your child returns to school. It is important that all steps be completed.

- _____ Apply lice medicated shampoo according to package instructions - read the label carefully! This treatment must be repeated in 7 - 10 days. Your child can return to school after the first treatment, and after the nits have been removed.
- _____ Machine-wash all clothing and bed linens that the child has used in the past 3 days in hot water (140° +) for 5 - 10 minutes.
- _____ Place non-washable items (stuffed animals, pillows, etc.) in a plastic bag and seal for 21 days.
- _____ Disinfect combs, brushes, etc. by soaking them in the lice shampoo for 5 - 10 minutes.
- _____ Vacuum the mattress, furniture, rug, etc., and dispose of the vacuum bag.
- _____ Remove all nits from the hair. This requires pulling the nits off the hair shaft one at a time. Also there are hair rinses, such as CLEAR, that are reported to be very effective in nit removal.
- _____ Check all household members for possible infestation and treat if needed.
- _____ Bring proof of treatment (empty bottle) when your child returns to school. This should be the first morning after the first treatment.

Day care providers, the parents of close friends, and the parents of other children that your child may have had contact with recently should be notified so that other children can be checked for signs of head lice.

Parents/guardians are advised that MediCal will cover expenses for over-the-counter lice treatment kits after receiving a prescription from the family physician.

The County Office of Education is working very hard to keep head lice cases and absence from school to a minimum. Your help and cooperation is greatly appreciated.

If you have any questions, please call your school nurse. Thank you for your help.

School Nurse/Community School Principal

RE: EXPOSURE TO HEAD LICE

Dear Parent/Guardian:

Your child may have been exposed to head lice. In order to prevent possible spread, it is important that you check your child now and watch for signs of head lice during the next 7-10 days.

Head lice are small, teardrop-shaped insects. They are grayish in color. Lice do not hop or fly. Crawling insects like lice move to avoid light and are often hard to see. A diagnosis of head lice is often made on the basis of finding nits, or louse eggs. Lice attach each nit to a hair shaft with a waterproof, cement-like substance. Nits are white in color and cannot be washed or brushed out of the hair like dandruff. The most common place that nits are found is on the hair behind the ears, at the base of the neck, and at the crown of the head where the hair is the thickest. Redness and signs of irritation may be visible. Itching may or may not be present. Be sure to do the check in good light.

Although head lice are completely dependent on the human for nourishment, they can survive for 3-5 days off the human host. They are usually transmitted from one person to another through direct, personal contact. Other sources of transmission include combs, brushes, towels, and articles of clothing. Personal hygiene frequently does not play a factor in determining who gets head lice. If exposed, anyone can become infested. For these reasons, please remind your children not to share their clothing or hair care items with other students. Also, remind your children to avoid storing their clothing (in the classroom or outdoors) next to the clothing of others.

If you find head lice, please contact the school nurse for information on treatment and conditions for readmission to school.

If you have any questions, please call your school nurse. Thank you for your help.

In developing measures and strategies for use by the County Office of Education, the County Office of Education Superintendent or designee may consult with school health professionals, school counselors, school psychologists, school social workers, administrators, other staff, parents/guardians, students, local health agencies, mental health professionals, and community organizations.

5. Crisis intervention procedures for addressing suicide threats or attempts

6. Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a

SUSPENSION DUE PROCESS

Removal from Class by a Teacher/Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in “Grounds for Suspension and Expulsion” above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher may ask the student’s parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Governing Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child’s classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian’s attendance is requested pursuant to law. (Education Code 48900.1)

2. Describe the legal protections afforded the parent/guardian as an employee under Labor Code 230.7
3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student

Suspension by County Superintendent of Schools, CCCOE's Principal or Principal's Designee

The County Superintendent of Schools, CCCOE's principal or principal's designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The County Superintendent of Schools or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence

3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above
5. Possession of an explosive as defined in 18 USC 921

Students**SUSPENSION DUE PROCESS****Suspension by County Superintendent of Schools, CCCOE's Principal or Principal's Designee (continued)**

Suspension also may be imposed upon a first offense if the County Superintendent of Schools, CCCOE's principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

The County Superintendent of Schools or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which a student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the principal, designee or the County Superintendent of Schools with the student and, whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the County Superintendent of Schools determines that an emergency situation exists. An emergency situation involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911(c))

Students

SUSPENSION DUE PROCESS

Suspension by County Superintendent of Schools, CCCOE's Principal or Principal's Designee (continued)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the County Superintendent of Schools or designee.
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved and any other pertinent matter. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. **Extension of Suspension:** If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the County Superintendent of Schools or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Students**SUSPENSION DUE PROCESS****Suspension by County Superintendent of Schools, CCCOE's Principal or Principal's Designee (continued)**

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the County Superintendent of Schools or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by County Superintendent of Schools, CCCOE's Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079.

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

As soon as practicable after developing the behavioral intervention plan and completing the required assessments, the IEP team shall meet to develop appropriate behavioral interventions to address the behavior and shall implement those interventions. (34 CFR 300.520)

Procedural Safeguards/Manifestation Determination

The following procedural safeguards shall apply when a student is suspended for more than 10 consecutive school days, when disciplinary action is contemplated for a dangerous behavior as described above, or when a change of placement is contemplated:
(20 USC 1415(k)(4); 34 CFR 300.523)

1. The parents/guardians of the student shall be immediately notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504 on the day the decision to take action is made.
2. Immediately if possible, but in no case later than 10 schools days after the date of the decision, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action.

At this review, the IEP team and other qualified personnel shall consider, in terms of the behavior subject to the disciplinary action, all relevant information, including:
(20 USC 1415(k)(4); 34 CFR 300.523)

Students

SUSPENSION PROCESS (STUDENTS WITH DISABILITIES)

Procedural Safeguards/Manifestation Determination (continued)

- a. Evaluation and diagnostic results, including the results or other relevant information supplied by the student's parents/guardians
- b. Observations of the student
- c. The student's IEP and placement

In relationship to the behavior subject to the disciplinary action, the team shall then determine whether the IEP and placement were appropriate and whether supplementary aids, services, and behavioral intervention strategies were provided consistent with the student's IEP and placement. The team shall also determine that the student's disability did not impair the ability of the student to understand the impact and consequences of the behavior, nor did it impair his/her ability to control the behavior subject to the disciplinary action. (20 USC 1415(k)(4); 34 CFR 300.523)

If the team determines that the student's behavior was not a manifestation of his/her disability, then the student may be disciplined in accordance with the procedures for students without disabilities, as long as the student continues to receive services to the extent necessary to provide that student a free and appropriate public education. (20 USC 1415(k)(4); 34 CFR 300.524)

If the team determines that the student's behavior was a manifestation of his/her disability, then the student's placement may be changed only via the IEP process. (20 USC 1415(k)(4))

Due Process Appeals

If the parent/guardian disagrees with a decision that the behavior was not a manifestation of the student's disability or with any decision regarding placement, he/she has a right to appeal the decision. (20 USC 1415(k)(6); 34 CFR 300.525)

If the student's parent/guardian initiates a due process hearing to challenge the interim alternative educational setting or the manifestation determination, the student shall remain in the interim alternative setting pending the decision of the hearing officer or the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and County Office of Education agree otherwise.

Students

SUSPENSION PROCESS (STUDENTS WITH DISABILITIES)

Due Process Appeals (continued)

If school personnel maintain that it is dangerous for the student to be placed in the current placement (placement prior to removal to the interim alternative education setting), during the pendency of the due process proceedings, the County Superintendent of Schools or designee may request an expedited due process hearing. (34 CFR 300.526)

Notification to Law Enforcement Authorities

Prior to the suspension of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind. Random Search For Weapons

For the reasons set forth in Resolution # 2-94/95 "In the Matter of Resolution of Contra Costa County Board of Education Authorizing Use of Random Metal Detector Searches on Community School Sites" (attached), the Contra Costa County Board of Education finds that the growing presence of weapons in the Community Schools threatens the County Office of Education's ability to provide a safe and orderly learning environment. The Board also finds that random metal detector searches offer a reasonable means to address the problem of weapons at the Community Schools and to mitigate fears of the students and staff. The administration will prepare and administer a uniform procedure to provide for metal detector searches which will be conducted in a random fashion.

Sexual Harassment

The County Board of Education and the County Superintendent of Schools are committed to maintaining a learning environment that is free of sexual harassment. The Board and Superintendent prohibit the unlawful sexual harassment of any student by any employee, student, or other person at school or at any school-related activity.

The County Superintendent of Schools or designee shall ensure that students receive age-appropriate information related to sexual harassment. Students shall be assured that they need not endure any form of sexual conduct or communication, including harassment because of sexual orientation. They shall further be assured that they need not endure, for any reason, any sexual harassment which impairs the educational environment or a student's emotional well being at school. They shall be informed that they should immediately contact an administrator or designee if they feel they are being sexually harassed.

Any student who engages in the sexual harassment of anyone at school or a school related activity shall be subject to disciplinary action up to and including expulsion.

Any employee, who engages in, permits or fails to report sexual harassment shall be subject to disciplinary action up to and including dismissal. When appropriate, a referral to child protective services and law enforcement authority may be made.

Staff shall immediately report complaints of sexual harassment to the site administrator or designee or to another County Office of Education administrator or the Director of Human Resources. Staff shall similarly report any such incidents they may observe, even if the harassed student has not complained.

A complaint of sexual harassment may be filed in accordance with this policy or the County Office of Education's uniform complaint procedures (Policy No. 1312.3). The Superintendent or designee shall determine which procedure is appropriate.

Any student who feels that he/she is being harassed should immediately contact the County Office of Education administrator or designee at his/her school/site, or the Title IX/Gender Equity Coordinator (Director, Human Resources, 510-942-3387, 77 Santa Barbara Road, Pleasant Hill, California 94523).

The County Office of Education prohibits retaliatory behavior against any complainant or any participant in the complaint process. Each complaint of sexual harassment shall be promptly investigated. Information related to a complaint of sexual harassment shall be confidential to the extent possible, and individuals involved in the investigation of such a complaint shall be cautioned not to discuss related information outside the investigation process.

Students**INTERDISTRICT ATTENDANCE TRANSFER APPEALS**

Education Code Section 48200 provides that students should attend a school in the district where their parents or guardians reside. At the same time, Education Code Sections 46600 authorizes parents or guardians to request a permit to attend a district other than the district of residence.

According to Education Code Section 46601, if, within 30 calendar days after the person having legal custody of a pupil has so requested, the governing board of either school district fails to approve inter district attendance in the current term, or, in the absence of an agreement between the districts, fails or refused to enter into an agreement, the district of residence, shall advise the person requesting the permit of the right to appeal to the county board of education.

- a) An appeal shall be accepted only upon verification by the County Board or County Superintendent's designee that appeals within the districts have been exhausted.
- b) The County Board of Education shall, within 30 days after filing of the appeal, determine whether the student(s) should be permitted to attend in the district in which he/she desires to attend and for what period of time. If compliance by the County Board with this time frame is impracticable, the County Board or County Superintendent or designee, for good cause, may extend the time period for up to an additional five school days.
- c) The County Board or County Superintendent or designee may continue the hearing upon the request of any party who shows good cause for such continuance. Failure by either party to send a representative to the hearing will not result in a postponement of the hearing. If either party fails to send a representative to the hearing, the hearing will be conducted at the scheduled date and time provided in the notification. If the unrepresented party has previously submitted written statements, the statements will be read into the record during the hearing.
- d) The county shall provide adequate notice to all parties of the date and time of any hearing scheduled and of the opportunity to submit written statements and documentation and to be heard on the matter pursuant to rules and regulations adopted by the county board of education.
- e) The County Board of Education shall base its decision to approve or deny the appeal on a review of the evidence presented to the district issuing the denial. If new evidence is presented to the County Board that the Board believes would have affected the district's decision, the Board may remand the case back to the district issuing the denial for further consideration.
- f) Pupils who are under consideration for expulsion, or who have been expelled pursuant to Education Code Sections 48915 and 48918, may not appeal interdistrict attendance denials or recisions while expulsion proceedings are pending, or during the term of the expulsion.
- g) If the County Board of Education determines that the pupil should be permitted to attend in the district in which he or she desires to attend, the pupil shall be admitted to a school in the district without delay.
- h) For a period not to exceed two school months, the governing board of a school district may provisionally admit to the schools of the district a pupil who resides in another district, pending a decision of the two boards, or by the County Board of Education upon appeal, regarding the interdistrict attendance.

Students**INTERDISTRICT ATTENDANCE TRANSFER APPEALS**

Under Section 48204(b) of the California Education Code, a school district may deem a pupil to have complied with the residency requirements for school attendance in the district if at least one parent or the legal guardian of the pupil is physically employed within the boundaries of that district for a minimum of 10 hours during the school week. Enrollment pursuant to Section 48204(b) is not an interdistrict transfer. If a school district refuses to enroll a student whose parent or guardian is employed within the district boundaries because enrollment would negatively impact the district's court-ordered or voluntary desegregation plan, or if the additional cost of educating the student would exceed the additional state assistance received for the student, or for other lawful, non-arbitrary reasons, the parent or legal guardian may not appeal this denial of enrollment under 48204(b) to the County Board of Education.

INTERDISTRICT ATTENDANCE TRANSFER APPEALS**A. Filing an Appeal**

1. An appeal of denial of, or failure to approve, an interdistrict transfer of attendance shall be in writing on a form prescribed by the County Superintendent and shall specify the grounds for the appeal.
2. An appeal must be filed within 30 calendar days of the refusal or failure to permit interdistrict transfer of attendance by the district. Failure to appeal within the required time is good cause for denial of an appeal.
3. Multiple appeals from one family may be submitted as one; however, there will be a separate vote for each child, but only one written decision.
4. The appellant shall send or deliver the completed, signed, dated appeal to the County Superintendent or designee, and include a copy of the original request for transfer (preferably from both the district of residence and the proposed district), any letters received from either district, and any additional documentation that is pertinent to the request.
5. An appeal shall be accepted only upon verification by the County Superintendent's designee that appeals within the school district have been exhausted.
6. Once an appeal has been received, the County Superintendent or designee shall notify each district that an appeal has been filed.

B. Hearing Date

1. Upon receipt of the appeal, the County Superintendent, or designee will set a hearing on the matter at a regular or special meeting of the County Board of Education to be held no later than 30 days following receipt of the appeal.
2. In the event that meeting the time requirement for determining the appeal is impractical, the County Board of Education or the County Superintendent of Schools or designee may, for good cause, extend the time period for an additional five (5) school days.
3. The County Board of Education may grant a continuance to any party upon a showing of good cause. Such continuances shall result in an extension of the time line for a determination by the County Board equal to the number of days of the granted extension.
4. Failure by either party to send a representative to the hearing will not result in a postponement of the hearing. If either party fails to send a representative to the hearing, the hearing will be conducted at the scheduled date and time provided in the notification. If the unrepresented party has previously submitted written statements, the statements will be read into the record during the hearing.

C. Preparation for Hearing the Appeal

The County Superintendent or designee shall serve as the contact person and liaison among the student's representative, the districts involved, and other appropriate parties.

3. The County Superintendent or designee shall provide adequate notice to all parties of the date and time of the scheduled hearing, the opportunity to submit written statements and documentation, the date upon which any documentation is due, and the option of being represented by legal counsel.
4. The parties shall be required to provide the County Superintendent or designee with all information pertaining to the case no later than fourteen (14) days prior to the hearing. This information will be included in the packet provided to each County Board member and include at a minimum:

 - b. A copy of both districts' policy on interdistrict attendance
 - c. Materials and documentation relevant to the interdistrict attendance request provided by the district(s) and the appellant
5. Copies of all information provided to the County board shall be distributed to all parties involved prior to the hearing.

D. Conduct of the Appeal Hearing

1. The hearing will be conducted in a public session of the County Board of Education unless the appeal will involve presentation and discussion by any party of the pupil records of the appellant or of any other student.
 - 1.1 If notified by any party that information concerning pupil records will be discussed at the hearing, or if any party submits pupil records to the County Board in advance of the hearing, the Superintendent or designee will notify the parent in writing that the County Board will hold the appeal in closed session, unless the parent requests in writing in advance of the hearing that the entire hearing be held in public session.
 - 1.2 In any case, that portion of the appeal involving pupil records of a student other than the appellant will be held in closed session.
 - 1.3 When a closed session is held, all parties may attend the closed session.
 - 1.4 When a closed session is held, the County Board of Education will take its final action in public session, and the result of such action will be a public record. Individual board member votes will be documented.
2. The County Superintendent or designee shall preside over the hearing, and may recognize any concerned parties at any time during the hearing to ask questions or to add information.

INTERDISTRICT ATTENDANCE TRANSFER APPEALS

3. A record of the hearing shall be made.
4. Strict rules of evidence as required in court proceedings will not be applied. Persons to be heard will be limited to the student(s), his/her parent(s) or guardian(s) or other representative, and representatives of the districts involved.
5. The decision by the County Board of Education may only be to (1) approve the appeal, (2) deny the appeal, or (3) remand the matter back to the district. A written statement of the County Board of Education's action will be mailed to the person appealing and to each of the districts involved in the request.

E. Hearing Procedures

The format for the hearing shall be substantially as follows:

1. The County Superintendent or designee will introduce the matter for the record and all parties present will identify themselves.
2. The County Superintendent or designee will review the scope of the County Board's role and receive any additional written evidence regarding the matter.
3. The student's representative will be invited to make a presentation and allotted ten (10) minutes to do so.
4. The representative of the district which failed or refused to approve the interdistrict attendance request will be invited to make a presentation and allotted ten (10) minutes to do so.
5. If present, the representative of the other district involved will be invited to make a presentation and allotted ten (10) minutes to do so.
6. Each County Board of Education Member will be provided an opportunity to ask questions of Parent(s) or guardian(s) of student, the student, district of residence, and district of proposed attendance, and others as appropriate.
7. At the conclusion of the presentations and questioning, the Board President shall declare the hearing closed and request that the appellant and district representatives leave the board room while they conduct their deliberation.

F. Scope of Review and Decision of the Board

1. The party requesting the interdistrict transfer shall have the burden of proof and the responsibility to present sufficient evidence to justify the transfer.
2. The County Board will grant appeals only in cases of significant legal, financial, or equitable hardship or deprivation to the student which cannot reasonably be remedied by any other means. In making its decision, the County Board shall also consider the financial and other needs of the district of residence and the proposed district of attendance, and balance such needs against that of the student.

INTERDISTRICT ATTENDANCE TRANSFER APPEALS

3. The Board shall consider all evidence and information presented by all parties to determine whether to:
 - a. Grant the appeal
 - b. Deny the appeal
 - c. Remand the matter back to the district for further consideration
4. If the County Board determines that the student should be permitted to attend school in the district proposed, the County Board shall fix the length of time for the student's attendance in that district, and the student shall be admitted to a school in the district without delay.
5. Written notice of the decision by the County Board of Education shall be delivered to the student and the parent or legal guardian, and to each district.

G. Criteria for Consideration in Appeals

1. The student's psychological or physical well-being.
Problems with a student's psychological or physical well-being must be supported by the written statement of a qualified professional.
2. A substantial danger to the student's health or safety.
A danger to the student's health or safety must be supported by the written statement of a qualified health expert, by police reports, by school records, or by other documentation.
3. A specialized and specific academic program or service, unavailable in the district of residence but necessary to the student's career or academic objectives.
Such a program or service must be related to the student's career objectives or academic advancement and not based solely on the student's interests or desires, or on extracurricular activities or athletics.
4. Hardship resulting from lack of available or appropriate after school care options for pupil in the district of residence.
The parent or legal guardian must demonstrate attempts to find appropriate care in the district of residence and must describe these attempts in the written materials provided when the appeal is filed.
5. A severe and demonstrated hardship to parents/guardians which could affect the student's success in school.
The parent/guardian must specify and describe the type of hardship in writing; "hardship" shall be understood to exclude inconvenience to the parents/guardians or matters of preference.
6. The student's desire to remain in his/her school of current attendance for the balance of the semester of school year.
The student's desire may be based on his/her anticipated promotion from the school of current attendance at the end of the semester or school year or on a need for education continuity for the remainder of the semester or school year.
7. The student's plan to move in the near future and desire to begin the semester or school year in his or her new school district.

INTERDISTRICT ATTENDANCE TRANSFER APPEALS

The student and his/her parent/guardian must offer written proof of their plan to move into the district of proposed attendance; such written proof may be a rental agreement, a contract to purchase new property, or similar document.

8. The financial impact of educating the student (district of proposed attendance) or of losing the student (district of residence).
In either case, the impacted district(s) must demonstrate in writing that the student's transfer would place an undue hardship on the district's resident students in terms of reduced services or other unacceptable outcomes.
9. The student's demonstrated failure to meet reasonable standards relating to behavior, attendance, or diligence to studies.
The demonstration of such failure must be based on a written explanation of the district's previous experience with the student under an interdistrict transfer agreement or on other documented evidence.
10. Lack of space for the student in the receiving district.
The district of proposed transfer must demonstrate in writing that the student's transfer would result in an undue hardship on the district's resident students in terms of overcrowding and/or would be a violation of district policy or a collective bargaining agreement regarding class size goals.
11. The negative impact of the student's transfer on a court ordered or voluntary desegregation plan of either district.
The district must provide details about the court order or desegregation plan and provide written evidence of the anticipated negative impact of the student's transfer.
12. Other exceptional or extraordinary circumstances which would weigh heavily in favor of the appellate student or the affected school district.
The parent/guardian or school district must specify and describe the type of exceptional or extraordinary circumstance and its effect on the appellant student or the resident students of the district.
