RE: Trustee Area Elections West Contra Costa Unified School District (WCCUSD) and map selection

This letter is to support the County Board of Education in moving forward with Trustee Area Elections in WCCUSD and to bring to the County's attention why school community members prefer the "June 4" map.

We support voting rights. The California Legislature passed the California Voting Rights Act of 2001 (CVRA)* after it was established that "at-large" elections diluted the votes of minorities. Currently most school board members live in the same city and do not represent our large diverse school community. (See attached 3/21/2018 letter to WCCUSD)

Reasons for supporting the "June 4" map:

- The "June 4" map was preferred by the school community during public comment. The WCCUSD had 5 map hearings and 4 trustee area informational meetings where the public spoke in favor of the "June 4" map.
- Two trustees who voted for the "June 4th" map, one attended all four informational meetings, and the other attended two. NONE of the trustees who voted for the "Cities and Schools Map B" attended ANY of these meetings.
- By Federal law the Voting Rights Act requires majority minority trustee areas. The "June 4" map is closer to this goal than the "Cities and Schools Map B".
- "Cities and Schools Map B" includes areas that are predominately white and more affluent in the African American trustee area. This goes against the intent of the California Voters Rights Act by diluting the vote of minorities.

"Cities and Schools B" map

Area 4:	Latino - Citizen Voting Age Population	42%
	Latino - Voter Registration 2016	47%
Area 5:	Black - Citizen Voting Age Population	40%
	Black - Voter Registration 2016	48%

"June 4" map

Area 4:	Latino - Citizen Voting Age Population	43%
	Latino - Voter Registration 2016	50.3%
Area 5:	Black - Citizen Voting Age Population	45%
	Black - Voter Registration 2016	52%

Please support the Voting Rights Act and move forward with Trustee Area elections in WCCUSD

Sincerely,
WCC PARENTS COUNCIL

CC: Matthew Duffy, Superintendent

This letter is in support of West Contra Costa Unified School District (WCCUSD) establishing trustee area elections and of having Superintendent Duffy seek a waiver of the election requirement.

We urge the school board to vote in favor of Action Items G.1., G.2., G.3., and G.4. on the WCCUSD March 21, 2018 agenda.

The California Legislature passed the California Voting Rights Act of 2001 (CVRA)* after it was established that “at-large” elections diluted the votes of minorities.

The school board does not represent our diverse and large district. There have been only two Latino/Hispanic school board members who have served on the WCCUSD school board in a district that has over a 50% Latino/Hispanic student enrollment. Additionally, there have been only six African American school board members. Currently three of the five school board members are from a more affluent area and in the same city, El Cerrito, in a large district that includes many cities and unincorporated areas.

There are potentially significant financial costs to the district for litigating to retain at-large positions, (see item G.1)** There is a great urgency for the WCCUSD school board to approve Trustee Area Elections and to authorize the Superintendent to seek a waiver. Further delays will increase legal costs that will be paid from the General Fund. This adversely effects educational funding for our students and teachers.

Please vote in favor of Action Items G.1., G.2., G.3., and G.4. on the WCCUSD March 21, 2018 agenda.
