Subject: Speaker request

Board President Alleyne,

This is a formal request to be included on the special board meeting on July 24th. We'd like to be given at least 7 minutes to speak and 3 minutes for questions about why we support the June 4th map and why we oppose the district chosen Cities and Schools B map. Since we are a collection of individuals, we'd like to be put on the agenda as "Members of the June 4th Community Initiative".

Best,

Anthony Caro
