## **Senate Bill 187: Comprehensive School Safety Plan Purpose**

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at 1111 Stoneman Ave, Pittsburg, CA. 94565.

### **Safety Plan Vision**

The Comprehensive Safe School Plan (CSSP) provides a guide to school safety related data and to the procedures administrators, faculty, and staff must follow in the event of an emergency. The school site's Comprehensive Safe School Plan also includes the Emergency Response Procedures, which documents the steps all employees must know in order to respond quickly and efficiently in the event of an emergency on campus. The CSSP supports the school in meeting the Agency's Strategic Plan value, "We commit to solutions that create safe and healthy schools and communities."

## **Components of the Comprehensive School Safety Plan (EC 32281)**

### **Golden Gate Community School Safety Committee**

Each CCCOE facility and administrative site will establish a Safe School Committee (SCC) pursuant to CA Ed Code section 32280-32289, with the primary goal of creating and continually updating the school site's comprehensive safe school plan and the crisis response plan in an effort to maximize the protection of students, faculty, and staff.

The goals of the Safe School Committee are as follows:

Create and annually review/revise the school's crisis response plan and comprehensive safe school plan  
Promote and support ongoing staff and student crisis response training  
Review staff and student safety practices to ensure compliance with the plan  
Support the District crisis response and safety committee(s)

The Safe School Committee MUST include the following members, pursuant to CA Ed Code section #32281:

- The site principal or the principal's designee (administrator)
- One or more teachers who represent the certificated staff and who are members of the recognized certificated employee organization
- One or more classified staff members who represent the classified staff and who are members of the recognized classified employee organization
- One parent whose child attends the school site

RECOMMENDED members beyond those required by Ed Code are:

- Michael Booker -COE Safety Consultant
- The School Site Council president, or their designee

### **Assessment of School Safety**

In an effort to continually update and assess the safety practices, the Comprehensive Safe School Committee performed a needs assessment. After a review of current school practices, updated safety ideologies, and safe school committee discussions, the Committee identified three site level strategies/programs to provide and maintain a high level of security.

### **Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)**

Campus safety is a priority for the Golden Gate school community and is the responsibility of all staff. The proactive response to dangerous situations and student discipline takes place regularly by way of: drills (fire, earthquake, intruder, lockdown, etc.) and staff and student trainings focused on safe and proper evacuation procedures. Specifically, procedures are reviewed and discussed with staff and students for effectiveness and amended if necessary. There is one entrance accessible to the school site; however there are several exits in the event of an emergency. Our facilities all have monitored single points of entry and some have exterior cameras.
