SUPERINTENDENT'S REPORT

BUSINESS SERVICES

Review 2013-14 Single Audit Annual Financial Report for the County School Service Fund

Christy White, Christy White Associates, gave an overview of the Single Audit Annual Financial Report for the County School Service Fund. She reported the County Office of Education has been given an unmodified opinion, which is the best opinion that can be received. Presented as information only.

Following a five minutes recess, the Board reconvened at 5:32 p.m.

County Board of Education January 14, 2015

In accordance with California Education Code, a public hearing on the provisions of a charter petition was held on December 10, 2014. The Board will deliberate regarding the Petition to Establish the Contra Costa School of Performing Arts following comments from the Petitioners, the public, and the presentation of staff's report on the petition.

Comments from Petitioners

Neil McChesney, lead petitioner, thanked the Board and staff for their time, energy, and professionalism during the review process. He gave a PowerPoint presentation which included his team's response to the COE staff report released the previous Friday. He explained why his team disagrees with some of COE staff's findings, yet respects that there are some valid concerns which they take seriously. He stated that steps have been made to address those concerns and hopes they can work with COE toward a mutually agreeable plan. He asserted that the School of Performing Arts (SPA) will increase learning opportunities for all students in Contra Costa County. He said there is nothing in the charter that suggests they don't aim to serve a diverse population. He noted that the audition process has raised concerns and stated that it is not inherently discriminatory, as has been suggested. An objective panel will consider a wide range of factors and there will be heavy emphasis on passion and potential. They are committed to widespread outreach in Contra Costa County. He stressed that his team does not believe there is a comparable program in the county. Specifically, one which is a pre-professional, conservatory type training in performance arts embedded in a college and career preparatory setting that has a true arts integrated program. He further stated they believe the proposed site, which is the Concord Pavilion, offers an incredible and unique opportunity with which to partner. Also, it is accessible by public transportation. In regard to their budget, he stressed their financial projections are sound and the budget is fiscally solvent. Mr. McChesney emphasized that SPA, which is a newly established 501c3 public benefit corporation, will have no affiliation with Clayton Valley Charter High School (CVCHS). He feels his team has addressed all the concerns in the COE staff's findings and would agree to delay opening SPA until fall 2016 in order to meet any other conditions that would be included in a Memorandum of Understanding.

Board Questions

Mr. Belle asked how SPA would quantify and qualify having widespread outreach. Mr. McChesney explained that the petition includes an outreach plan. The outreach plan, which is post-approval, is quantifiable and has specific sites and actions at those sites. He explained that if the County Board of Education feels the plan is insufficient they will be happy to make accommodations.

Ms. Mirabella asked why the petitioners chose to apply for a countywide charter instead of going through MDUSD, which is in their jurisdiction. Mr. McChesney explained the intent is to serve a larger footprint. Ms. Mirabella said she is concerned that she does not see a high level of support from school districts for the petition.

Ms. Deane asked how many students are anticipated to attend the first year and which arts will be targeted and developed. Mr. McChesney explained they would like to begin with 450 students. There will be four conservatories; dance, theater, vocal and instrumental music, and arts management. The size and scope of each conservatory will depend on the student body. If capacity is exceeded, a random lottery is held. Ed. Code provides the levels of preference established. Low income and special needs students are given the same consideration as all students.

Public Comment

The following spoke in favor of approving the charter petition: Richard Asadoorian, Jason Miller, Joe Medrano, Staci Smith, Marcia Mason, Julia Wickware, Rachel Rosnov, Stacey Wickware, Zack Roe, Jim Wickware, Kyle Wickware, Nick Driver, Michelle Lopez, Rob Seitelman, Kristyn Pullen, Lisa Kingsbury, Justin Lucchasi, Maxine Espiritu, Austin Alfaro, Sara Kommer, Mason Case, and Janeal Lee.

The following spoke in opposition of approving the charter petition: Anita Johnson, Jack DeRieux, Orrin Cross, Dr. Linda Delgado, Kathy Kamenik, Jennifer Krnich, Denise Lambert, Shalene Martin, and Dorothy Weisenberger.

Staff Presentation on its report on the Petition

Pam Tyson, Director, Educational Services, presented staff's findings on the petition. She explained the petition was reviewed by the County Office of Education review committee. The committee is comprised of technical and content experts in Curriculum and Instruction, Special Education, English Learner support, Human Resources, teacher credentialing, facilities, maintenance, and fiscal operations. The committee met multiple times and used a rubric to evaluate the petitions compliance with state law in each area. The committee found the petition does not meet the legislative intent for charters. Dr. Tyson listed the areas in which the charter was found to be insufficient some of which are: the petition does not ensure a fair and equitable selection process for admittance to the charter; the petition does not establish that its educational services cannot be served as well by a school that operates in a school district; the proposed facilities, Concord Pavilion, is not necessarily the best to serve student's needs. The petition is also insufficient because it presents an unrealistic financial or operational plan. It relies on the receipt of \$250,000 from the charter revolving loan. This loan is not guaranteed and cannot be relied upon. Finally, the petition proposes a segregated benefits plan. Based on the analysis, staff recommends that the Contra Costa County Board of Education deny the petition.

Following a five minute recess, the Board reconvened at 7:58 p.m.

Consider Action to Either Deny the Petition to Establish the Contra Costa School of Performing Arts ("Petition") and to Adopt Resolution No. 8-14/15 reflecting denial of the Petition and specify any conditions necessary for approval Mr. Belle stated he is not satisfied that this would be in the best interest of the public. Mr. Maxwell said he is in favor of performing arts schools, but not in the format that was presented. Ms. Mirabella said the way the charter is written, it is not ready to go. She agrees with staff's report. Ms. Deane stated there are several issues that need addressing, but believes they can all be addressed. She would agree to the charter acceptance if an MOU were added. Mr. Gomes said he feels there is not a need for a performing arts charter because the need is adequately filled by programs that exist in the various districts. He further stated there is more of a need for a computer science or environmental protection charter. Also, he can't see the Concord Pavilion as a viable place to house the charter. He believes the selection process would lead to an elitist school.

Mirabella moved, Belle seconded, and the Board voted 5-0-0 to adopt resolution 8-14/15 reflecting denial of the petition.

Ms. Deane asked to amend the motion by adding an MOU to the charter petition. Mr. Gomes explained that the motion is only to accept or deny the resolution.

Ayes: Gomes, Deane, Belle, Maxwell, Mirabelle

Noes: None Absent: None Abstain: None

Ms. Mirabella thanked those that attended the meeting. She said she appreciates the students and professionals that spoke, but cannot support the charter at this time with the way the petition is written.

Mr. Belle, thanked staff for their objective report.

Ms. Deane said that the Board judged the petition on the specific details of the charter petition. She stressed the need to stay focused on students and added that charters need to be tightly written.

County Board of Education January 14, 2015

Staff Report

Bill Clark, Associate Superintendent, Business Services, shared information on the Governor's new state budget. The emphasis is on K-14 education which is beneficial to the County Office of Education (COE). He explained that the COE has partnerships with districts, corporate and private communities. He said he is optimistic that the new funding will be well-suited for programs that are offered at COE and could be beneficial in terms of expanding and meeting some of the additional need that has been identified.

Mr. Clark will email possible meeting dates to the policy subcommittee members.

EDUCATION CODE 44332

Except where that service is provided by a school district authorized to register certification documents pursuant to Section 44332.5, each county or city and county board of education may issue temporary certificates for the purpose of authorizing salary payments to certified employees whose credential applications are being processed or to personnel employed in children's centers or other preschool educational programs whose permit applications are being processed.
